

Gluten-Friendly Menu Items

We understand that some of our guests may have sensitivities to gluten – related products and we are making better strides to provide more menu options for our guests.

Please be aware that while we attempt to keep our gluten-friendly menu items in a separate area, we use common equipment to cook the food on. Therefore, we cannot guarantee that any menu item can be completely free of allergens. Below is a list of food items that are gluten-friendly:

Gardein Black Bean Veggie Burger

Vegan and gluten free. Contains soy.
